**Article Body:**

You can find numerous styles, brands and varieties of bras. You have to choose the perfect style that suits not only your body but also the occasion.

You have to be careful when choosing the type of bra that actually fits you. The Push Up bra has the inverse effect of the Plus Size bras. This bra is actually designed to lift your breasts and and enhance their Size .

**What Is The Difference?**

They have additional pads to lift the breasts slightly. As a result, the cleavage is highlighted. These Bras provide the most cleavage enhancement of any bra, which results in a great look. It is preferable to choose a Push Up bra if you are small busted woman. This gives your bust a great appearance and boosts your confidence too.

**Don't Settle For Second Best, You're Worth More Than That!**

Almost all the leading bra manufacturers offer you a good collection of Push Up bras. The Wonderbra brand is well known for it's range. Lejaby also have a good collection of this type of bras. These bras come in many varieties and styles, just as do other styles. You can find intricate embroidery work or beautiful lace details and lace edgings, there really is a world of features and styles.

**The Lejaby Genorasa Push-up Bra**

For a more generous cleavage you can opt for the Lejaby Genorasa Push-up Bra. This has an interwoven floral design and beautiful detail on the straps. They also have scalloped edges about the cups.

**The Wonderbra Illicit Lace push-up Underwired Bra**

You will find your feminine beauty getting a boost when you wear this bra. This is a lace bra with pads that give you the cleavage you always wanted.
