

## Diamond Archery

Diamond Archery is the pioneer in the field of archery. With the wide product range like the bows, arrows and gears and appeals this company has made a visible growth in this field.

The Marquis bow designed by Diamond Archery weighs 2 kilogram and is made up of top quality aluminum. This bow is fully mechanized for better delivery. Their extremely sturdy and faultless risers slots is one of its kind and the thumb groove gets the lets you get the arrow close to your hand thus minimizing upright torque and adding stability to the game.

When the bow is released, Vertical Force Technology (VFT) and the Pinnacle5 Cam, move the unequaled energy on the arrow. These bows are designed with Roller Guard/Shortstop string suppressor that holds the string of the bow thus absorbing the vibration of the string.

Designed with excellence, the Black Ice bow of Diamond Archery is set at an angle of 53-degree to provide more stability and accuracy. This bow maintains the balance and is installed with special features like Pinnacle4 cam that distributes the pressure equally thus adding stability to the game.

This also helps in minimizing the pressure that is concentrated on the limbs. The arrow can be taken closer to the hand as these bows are designed with a thumb groove and lowered berger

The smooth drawing feature of Liberty minimizes the pressure thus reducing the the shocks and the noises that can be caused during the game. Liberty bow is designed with Vertical Force Technology (VFT) that allows the equal distribution of the pressure in all the directions during the game.

Designed with the special feature of Freedom Cam, the justice bows a product of Diamond Archery, is designed to deliver smoothness and stability in the game. This bow maintains the balance and distributes the pressure equally thus adding stability to the game. This also helps in minimizing the pressure that is concentrated on the limbs.

The Edge bows by Diamond Archery, is designed for the beginners by adults and children as well. This bow is the first of its kind, is featured with dual-cam bow, and are provided with single pivot mod to maximize the length of the shots.

Archery is the game that involves the shooting of arrows that is released from the bow and shot at a target. The closer you shoot the arrow to the targets, the

more your score will be.

The scored targets of each player are added and the person with the highest addition is declared as the winner. With such a wide variety of products by the pioneers, it will be easy to gain accuracy over the game.
