

## Zeiss Binoculars 10×30 BT

Since its inception in the middle of the 1840's, the Zeiss company has been known for the quality of their optical lenses. For over one hundred years they have been producing some of the most highly regarded binoculars in the world.

Zeiss products are noted for their, state-of-the-art technology, ruggedness, and use of corrosion resistant materials. Each and every pair of binoculars the Zeiss company sells is dust proof, water resistant, and is supposed to be able to work in both high and low temperatures. Each pair of binoculars is also comes with an anti-reflective coating that the Zeiss company developed.

One of the binoculars that the Zeiss company produces is the Zeiss binocular 10X30 BT. The 10X30 BT binocular is a part of the Zeiss company's compact. Specifications of the Zeiss Conquest 10X30 BT are; an exit pupil of 3, and an eye relief of 4.5mm. The Zeiss Conquest 10X30 BT weighs two pounds. Its PID is 20125. This pair of binoculars is 4.53" wide. When the eye cup is fully extended the Conquest 10X30BT is 5.6" tall

In addition to the great technology that is featured in every single pair of binoculars that the Zeiss company produces, the Conquest 10X30 also features a state of the art outer encasing. Eyeglass wearers are able to use the Zeiss Conquest 10X30 BT in comfort, thanks to its folding eye cups and high eye point eyepieces. The Zeiss Conquest 10X30 BT won't fog up during use thanks to the nitrogen filling. The casing of every pair of binoculars in the Conquest series is made out of temperature resistant armor that won't slip while the user is holding them. The eye cups are lockable.

The Zeiss Company includes a comfortable Neoprene strap, a Cordura pouch with a belt loop, and a protective eyepiece cap with each purchase of the Conquest 10X30 BT.

Other binoculars in Zeiss's Conquest series include the 8X30 BT, the 12X45 BT, and the 15X45 BT. The 8X40 and the 10X40 are large binoculars while the 8X30 and the 10 X30 are midsized. Zeiss Conquest binoculars have been praised for their outstanding performance during twilight.

The Zeiss Conquest Binocular Series is very popular among bird watchers. The Zeiss Conquest binoculars are in the middle of the pricing scale. A pair of Conquest binoculars can be purchased for as little as \$470.00 or as high as \$800.00. If you would like a pair of Zeiss Conquest binoculars but feel the price is too steep watch on-line dealers and Internet auctions. There are often

good, used, binoculars to be found for sale on eBay. If you choose to purchase a pair of Zeiss Conquest binoculars from an eBay store, try to get the dealer to guarantee the condition of the binoculars. Make sure you know how much it is going to cost to have the binoculars shipped. The average shipping price for a pair of Zeiss Binoculars is approximately \$17.00.

Zeiss is confident about the quality of their binoculars that they provide each set with a lifetime, transferable warranty.
